## Try it...Love it! Our Dark Roast of the Month: Dark Java!

Java is a unique and distinctive coffee. It has a smooth flavor and a heavy body. When roasted on the darker side, the result is a smooth, polished taste on the palate.

## Welcome Jonathan Reed!

Jon joined the staff this year and his kind nature and quick wit quickly made him a favorite among his peers! He is already the "go to guy" for training on our drive thru! Jon is attending Pikes Peak College and aspires to minister to his own congregation some day. He loves to drive, hike, read, play soccer and watch movies! He leads a prayer group at school and is rumored to be a great cook! Welcome Jon!

## What Is It About Toddy?

Discover the pleasure of cold brewed coffee and tea - a favorite of regular folk, connoisseurs and food critics since 1964. Toddy's exclusive cold-water brewing process extracts the natural, delicious flavors of coffee and tea yet leaves behind undesirable bitter acids and oils. The result: A bold, super-smooth taste that's easier on the stomach. Toddy can be made one cup at a time - served steaming hot or iced cold, and at the strength you prefer. Perfect for camping or college dorms, and 67% less acid for sensitive stomachs! Try a cup of our coffee Toddy iced or hot now at our coffee bar and see for yourself!
